Super Admin:

1- Dashboard Detail Page When check Event Detail which request for Approval a lot of issues.

- a) Creation Time is showing but not Date it should show both.
- b) Phone number is showing but country code is missing. Name of User is missing, who purchase ticket should need to be shown.
- c) All Table Column names are very badly written. There is no proper way to be written correctly with first letter capital and if two words then space is needed.

2- Super Admin Dashboard Page showing ticket Count 0 but Total Amount is 1300 it should show Ticket Count of tickets which status is pending and then overall total ticket count too which receive payment with status Paid as currently there is a bug.

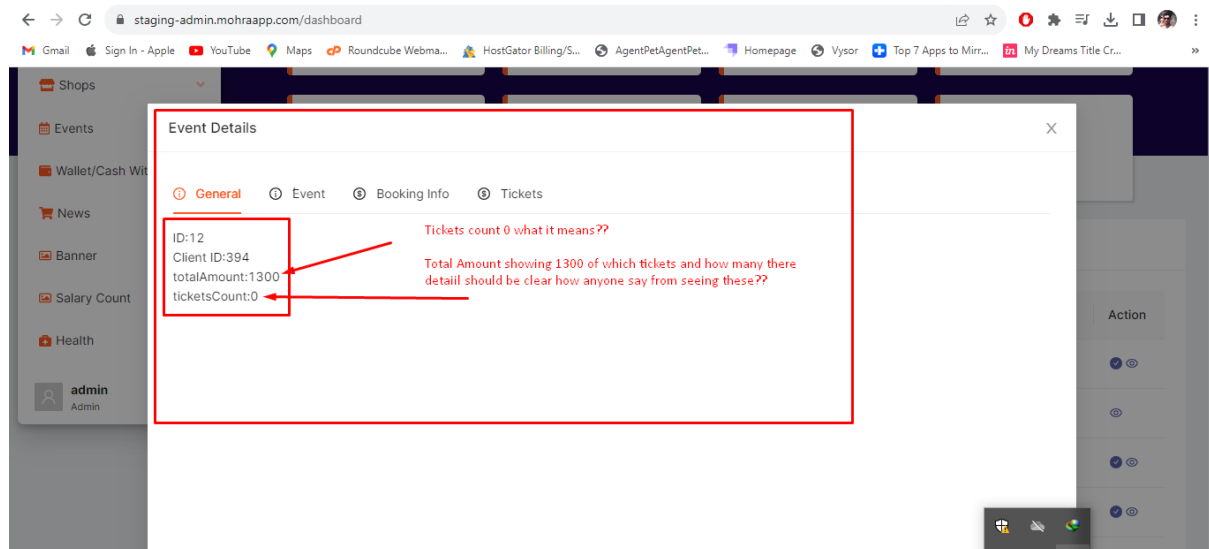

3- Super Admin Event Detail Page General Tab Bus.

1- Heading is not Bolds as other screens have bold heading.

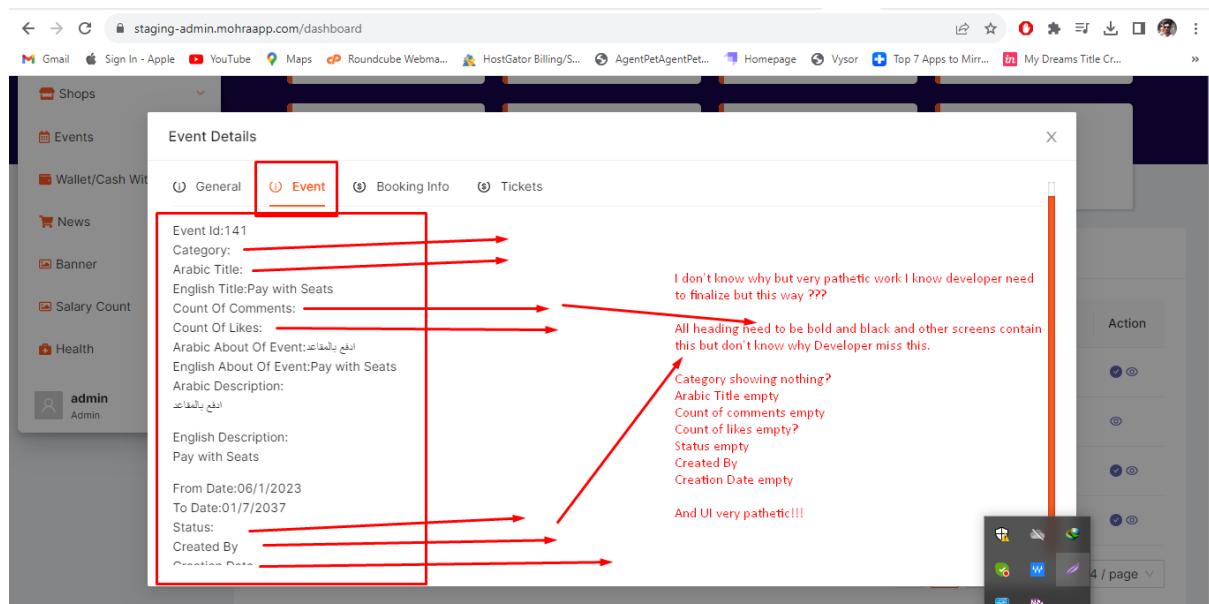

2- Total Amount showing 1300 of which tickets there is no explanation how many tickets are withdrawn ??

3- Ticket count 0 it should show the overall ticket and what remains and request for Withdraw there amount need to shown as well as its not clear.

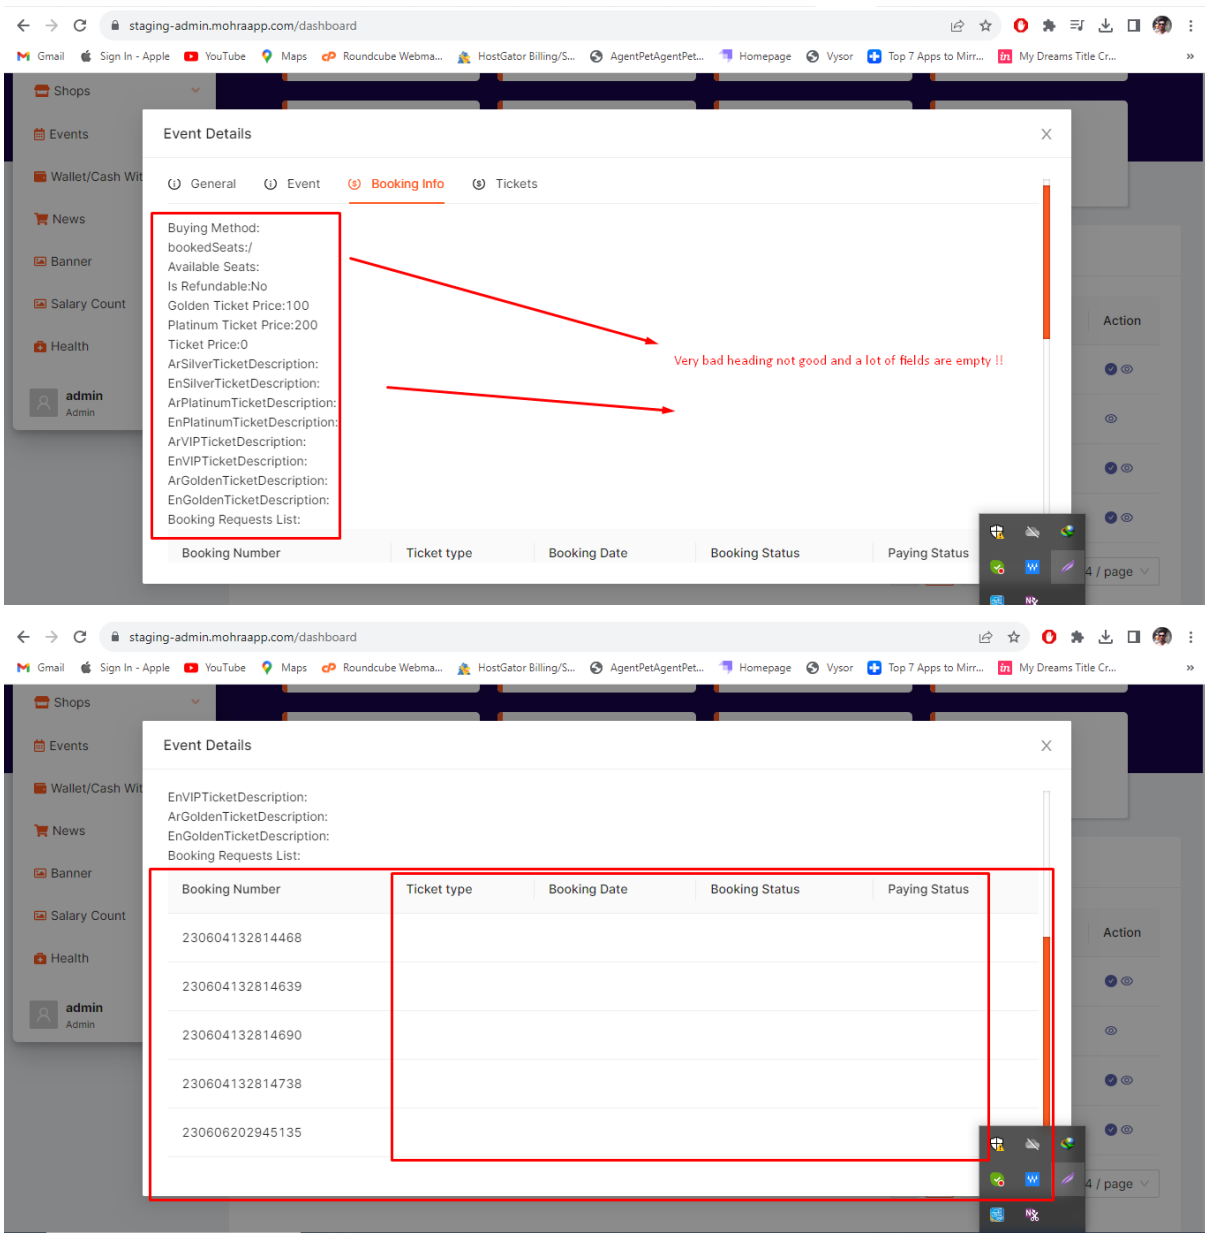

4- Event Tab contains a very Rough UI which is not acceptable as we don't have a UI like this!!

And other explanations mentioned within the screenshot please read and fix it as there are bugs.

5- Event Details Booking Info data is very rough and very important a lot of fields not showing any data.

5a) Booking Number Table not showing anything how an Event Organiser asks for Withdrawal as not record of booking before Please check this bug!

6- Tickets Tab UI and heading is not good please follow other tabs and see what you done if not upto the mark and a lot of fields are missing.

8- Bug not receiving email when request for Withdraw as an Event Organizer Admin and Approve request by Super admin both cases Email is not coming!

9-[BUG]: Event Organiser Admin can request for Withdraw of an event just once which contains all tickets purchased and cannot request again and only request when event expired but now can request twice which is wrong and in explanation it mentioned clearly.

Please read the explanation again as Admin can request when event completed and whoever purchase tickets Super Admin can review and approve at once and event Organiser cannot again request as Admin already approved.

The screenshot shows the 'staging-admin.mohraapp.com/dashboard' page. The left sidebar contains navigation links: Shops, Events, Wallet/Cash Withdraw, News, Banner, Salary Count, and Health. The main content area displays four summary cards: Profit Amount (1,074), Pending Shops (24), Pending Event Organizers (9), and Active Stories (7). Below these is a table titled 'Pending Withdraw Requests'.

ID	EventName	ticketsCount	Total Amount	Creation Time	Status	Approved	Action
12	Pay with Seats	0	1300	18/08/2023 - 10:18 PM	Active	Approved	👁
11	Pay with Seats	0	2000	15/08/2023 - 6:50 PM	Active	Approved	👁
10	test	0	0	14/08/2023 - 5:00 PM	Inactive	Not Approved	👁
9	test	0	0	13/08/2023 - 9:38 PM	Inactive		👁

The table shows that the first two requests (IDs 12 and 11) are for 'Pay with Seats' and have been approved. The last two requests (IDs 10 and 9) are for 'test' and have not been approved. The user 'admin' is logged in.

10- [BUG]: Event Organizer Withdraw Page when Add advanced filter shows data but not showing Event Name within Data as how as an Event Organizer know ticket related to which Event Please Add as I need to check filter again!

The screenshot shows the 'staging-eventorganizer.mohraapp.com/walletCashWithdraw' page. The left sidebar contains navigation links: My Events, Attendances, and Wallet/Cash Withdraw. The main content area displays a 'Hide Advanced Filters' section with a table of withdraw requests.

ID	Number	Name	Email	Price	Creation Date	BookingId	Type	Withdrawn
288	230611152552204	Mansour A	testflight@gmail.com	10	06/11/2023	230611152552	Golden	Paid
287	230611152552021	Mansour A	testflight@gmail.com	10	06/11/2023	230611152552	Golden	Paid

The table shows that the first two requests (IDs 288 and 287) are for 'Mansour A' and have been paid. The user 'eventorganizer' is logged in. The 'Advanced Filters' section includes fields for Start Date (2023-05-10), End Date (2023-08-18), Filter, Reset, Withdraw Amount, and Choose Event.

11- Please show by default total event Tickets purchase means booked how many left and there cost which withdrawn and if user press on event then change accordingly, also price is showing 0 on many list items please check this out.

The top screenshot shows the 'Attendances' page with a sidebar menu. A red box highlights a note: "By Default Event should show Overall Tickets user purchased how much amount earned as its not showing". The table below shows event tickets with columns: ID, Number, Name, Email, Price, Creation Date, BookingId, Type, and Sca.

The bottom screenshot shows the same 'Attendances' page with a red box highlighting a summary: "Total Seats: 100 | Booked: 28 | Available: 72". Arrows point from this summary to the 'Price' column in the table below, with text: "how much cost which are booked?" and "and Please mention within List Price as price is missing". The table below shows event tickets with columns: ID, Number, Name, Email, Price, Creation Date, BookingId, Type, Scanned, and Withdra.

12- Event Organiser should receive Mandatory Emails e.g. Event Publishing approval, rejection and other related emails like user purchase ticket of event, withdraw money request approved, amount transferred from admin etc

Not receiving any Emails Please share me screenshots of all these use cases if you're receiving as I tried but i am not receiving.

13- Event Organizer notification tab showing notifications but not with clear explanation as related to what please check this.

13a) Super Admin not showing any notification but showing Lorem Ipsum as shown before and static.

14- Super Admin Dashboard page detail page not opening bug still remains!!

The screenshot shows a web browser at the URL `staging-admin.mohraapp.com/dashboard`. The browser's address bar and tabs are visible at the top. Below the browser, there is a document editor window titled 'Events & Shop Module Tasks'. The document contains a table of 'Pending Event Organizers' and a list of tasks.

- 1- Event Organizer Admin Detail Page and when verified by Admin should show Phone number Verify Status and Email Verify Status if not Verified should show Not Verified.
- 2- [Bug]: Pending Event Organizers in Admin, Detail Page Action button when click on it not working.
- 3- Event Organizer Detail Page spelling is wrong

15- It's not fixed but Developer Said he fixed it. It's very strange Please check once before confirming as it will effect to developer by getting paid on time and for us as I clear cache everything but its not working.

The image consists of two screenshots. The top screenshot shows a web application interface with a sidebar menu containing 'Clients', 'Admins', 'Shop Manager', 'Event Organizer', 'Shops', 'Events', and 'Wallet/Cash Withdrawal'. The 'Event Organizer' section is active, displaying a modal titled 'EventOrganizerDetails'. The modal contains the following information:

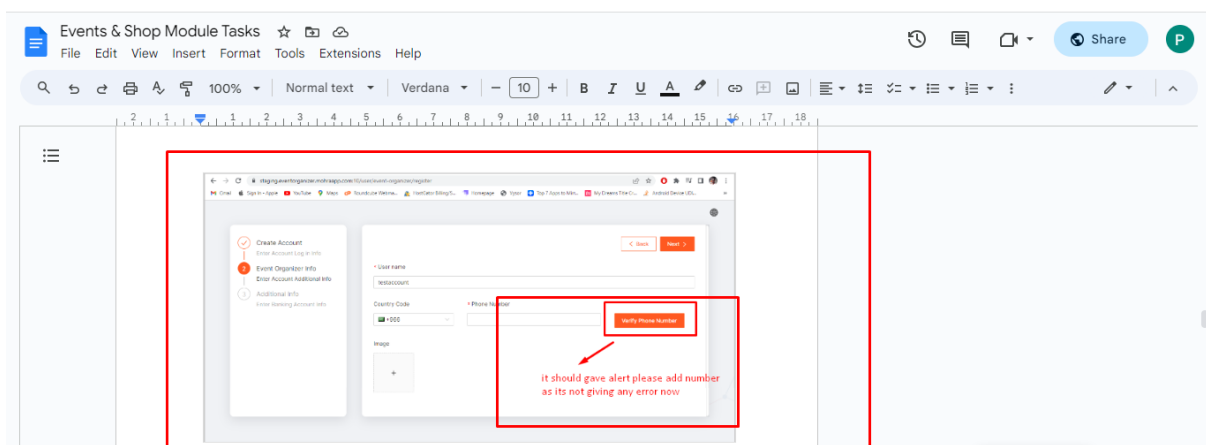

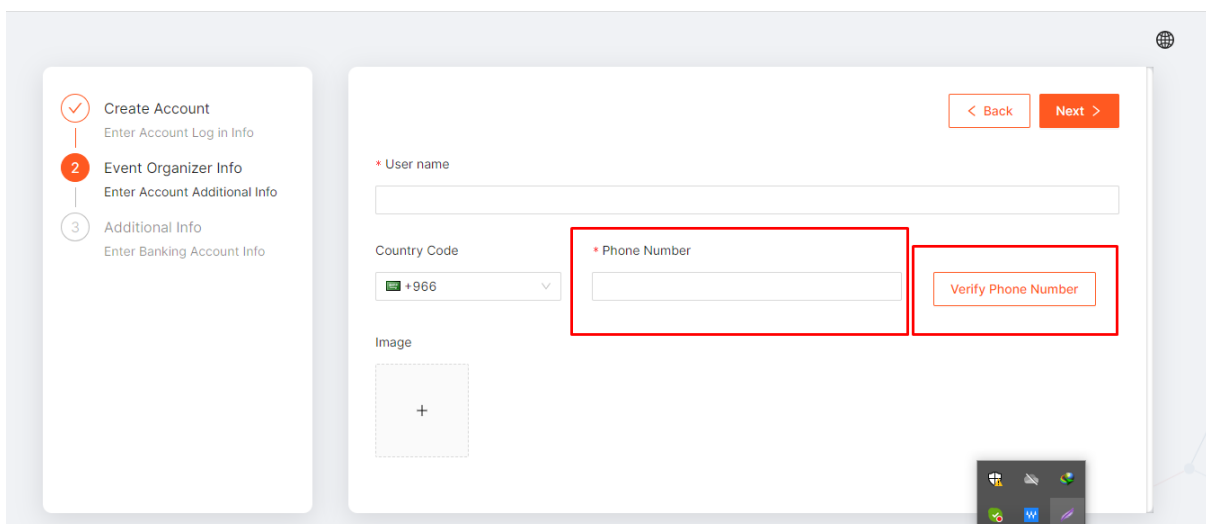

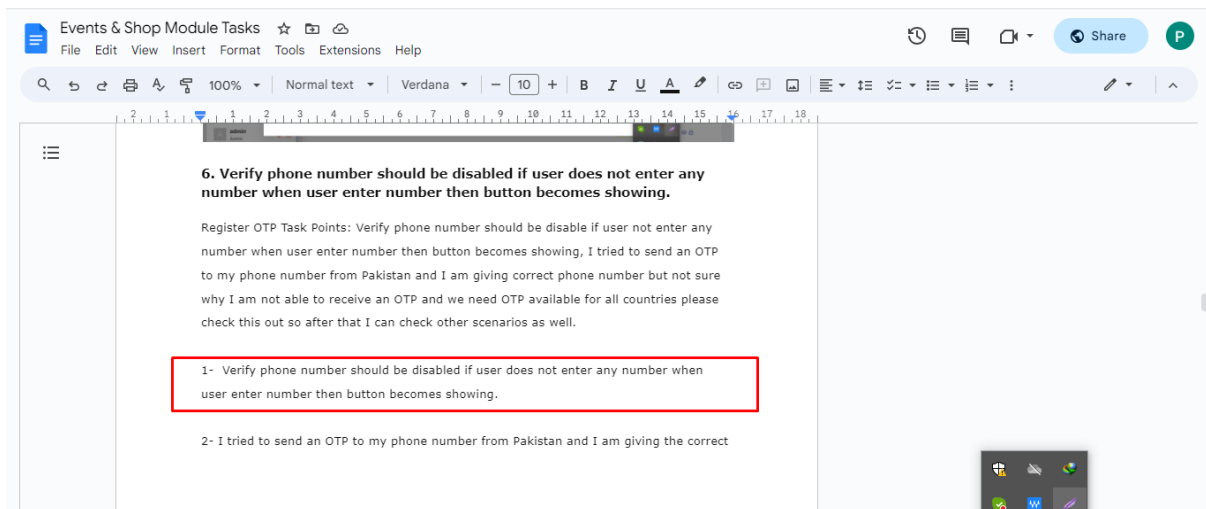

ID:	Name:
654	Mohra events
Phone Number:	Email:
00966504622243	info+1@mohraapps.com
User name:	Verification status:

Red arrows point from the 'EventOrganizerDetails' title to the 'Phone Number', 'User name', and 'Bank' fields. The bottom screenshot shows a text editor window titled 'Events & Shop Module Tasks' with a list of tasks:

5. Event Organizer Admin Detail Page and when verify by Admin should show Phone number Verify Status and Email Verify Status if not Verified should show Not Verified
- 1- Event Organizer Admin Detail Page and when verified by Admin should show Phone number Verify Status and Email Verify Status if not Verified should show Not Verified.
- 2- [Bug]: Pending Event Organizers in Admin, Detail Page Action button when click on it not working.
- 3- Event Organizer Detail Page spelling is wrong

The third task is highlighted with a red box.

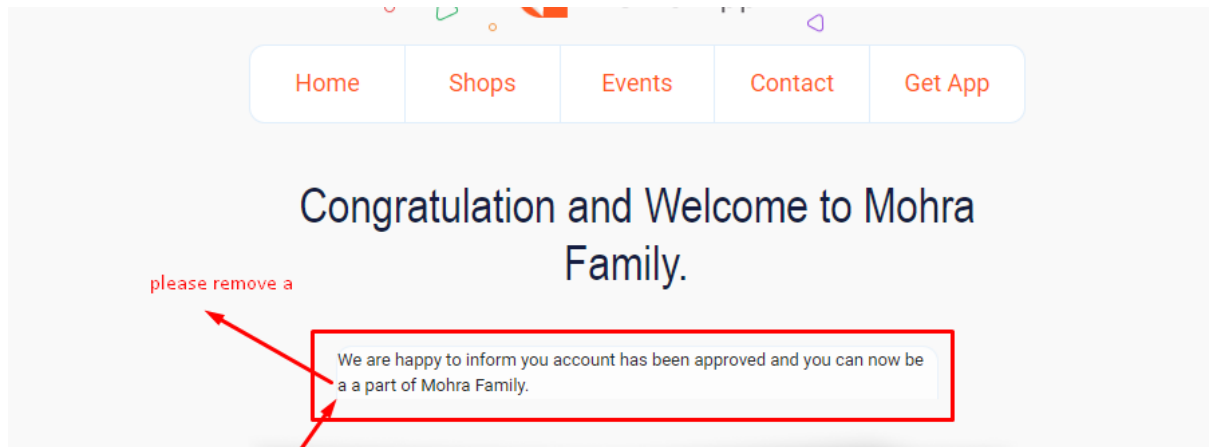

16- When click on button Verify now not giving any alert as I mentioned in task it should gave don't know why it's ignored by developer but confirmed its done!

17- Please change the sentence mentioned below in the email template as two a are showing and sentence is not correct this is Email when Admin approve account.

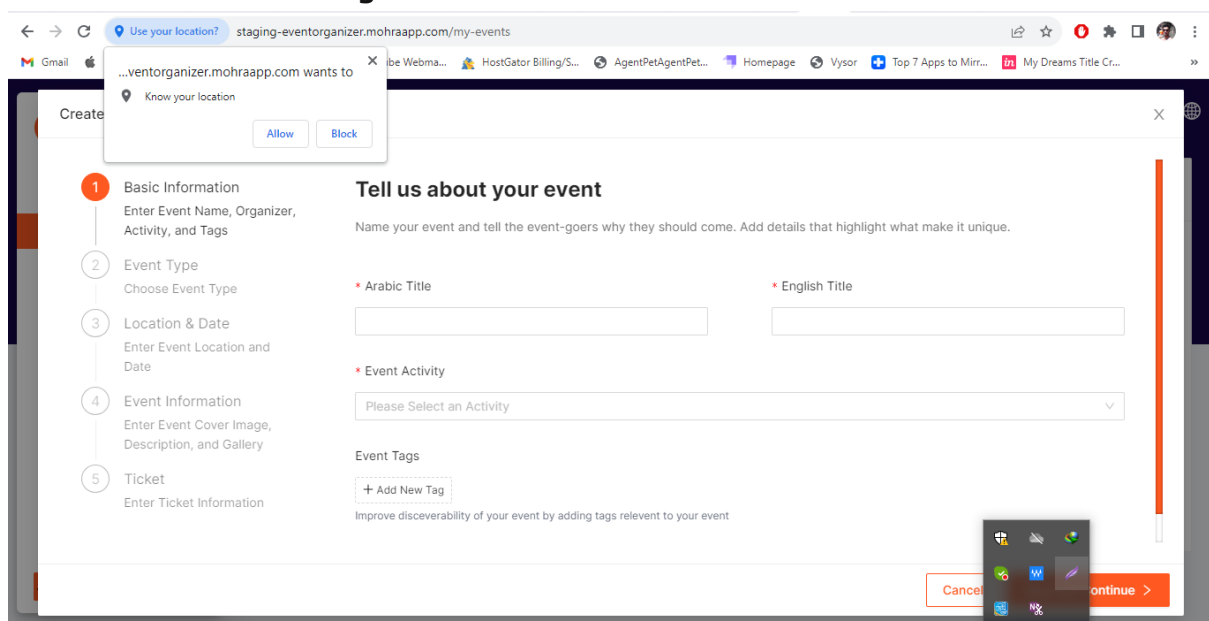

Full sentence will be.

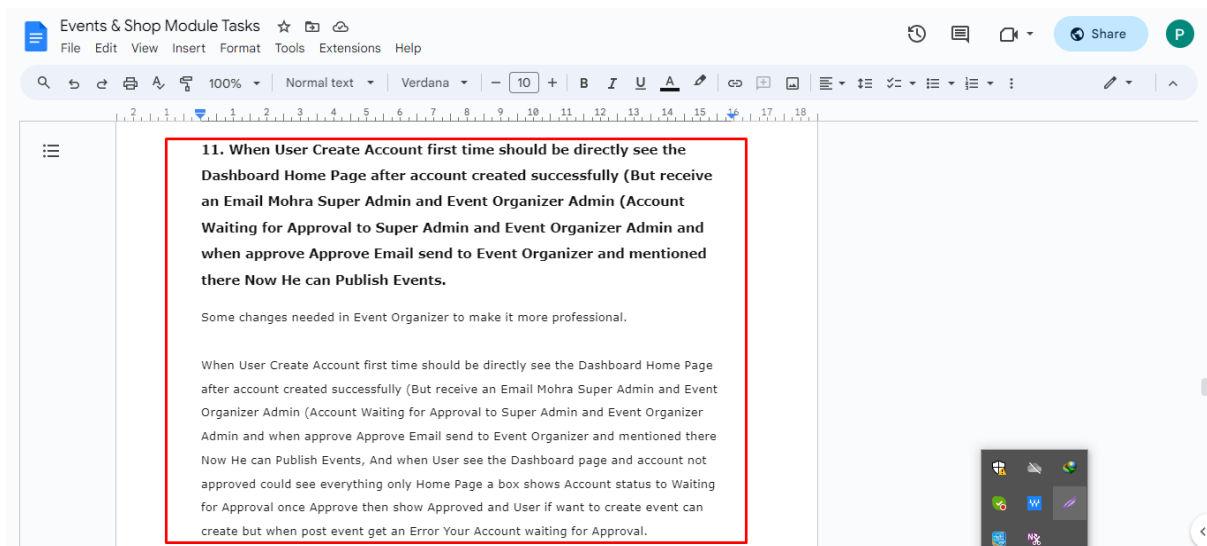

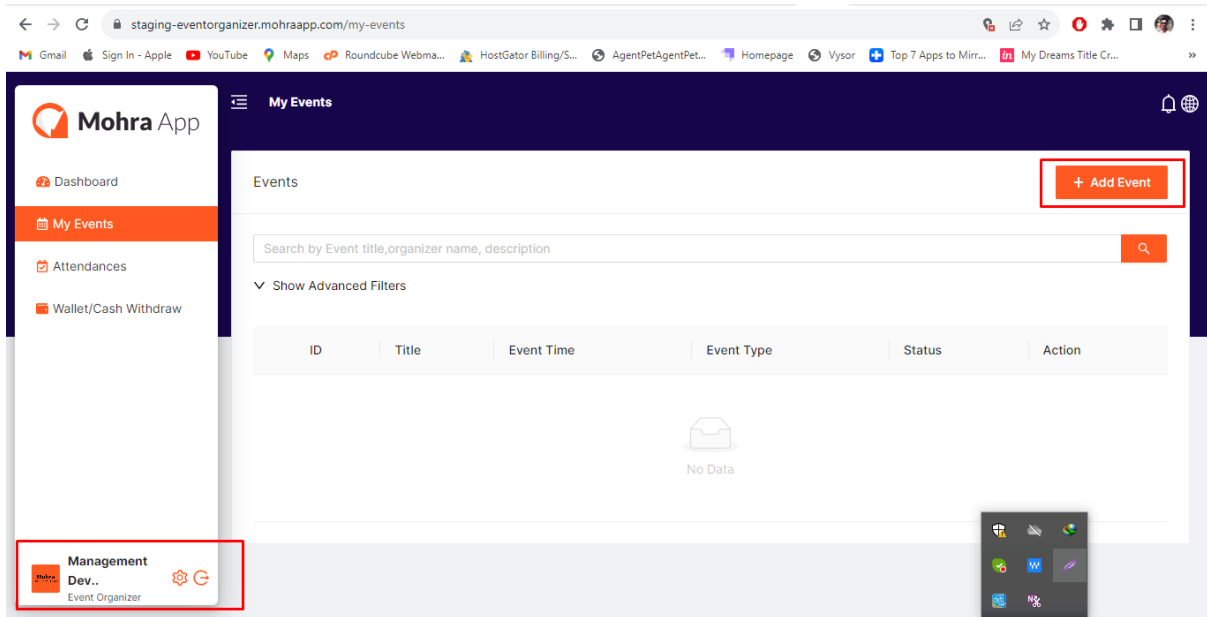

We are happy to inform you that your account has been approved and you can now be a part of Mohra Family.

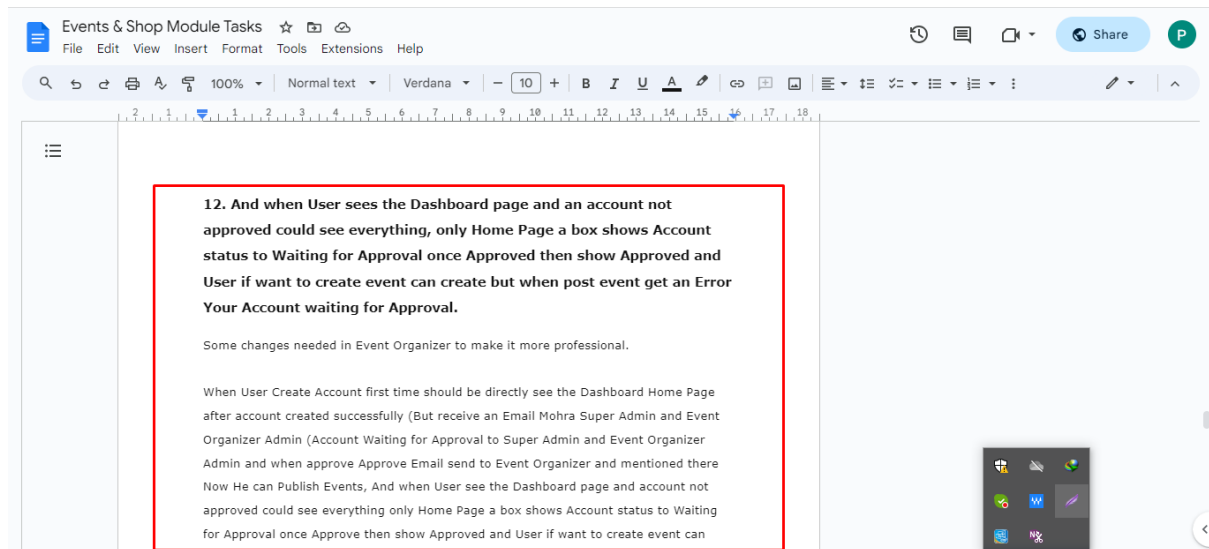

18- When creating an account as an event Organizer admin and an account approved by Super admin then as per task Email should tell now Event Organizer Admin can create an Event but no explanation within event template?? Its really bad Developer didn't tested and another bug I tried to create an Event and Add Event Open Dialog to create an Event Even my account not approved as I suppose to receive Error message account waiting for Approval and unless not approved I cannot create event.

Leonel Please Please cross check your own work as it affects our time and your for getting paid as its fair unless you cannot complete tasks it's very difficult for me to confirm management as work done!

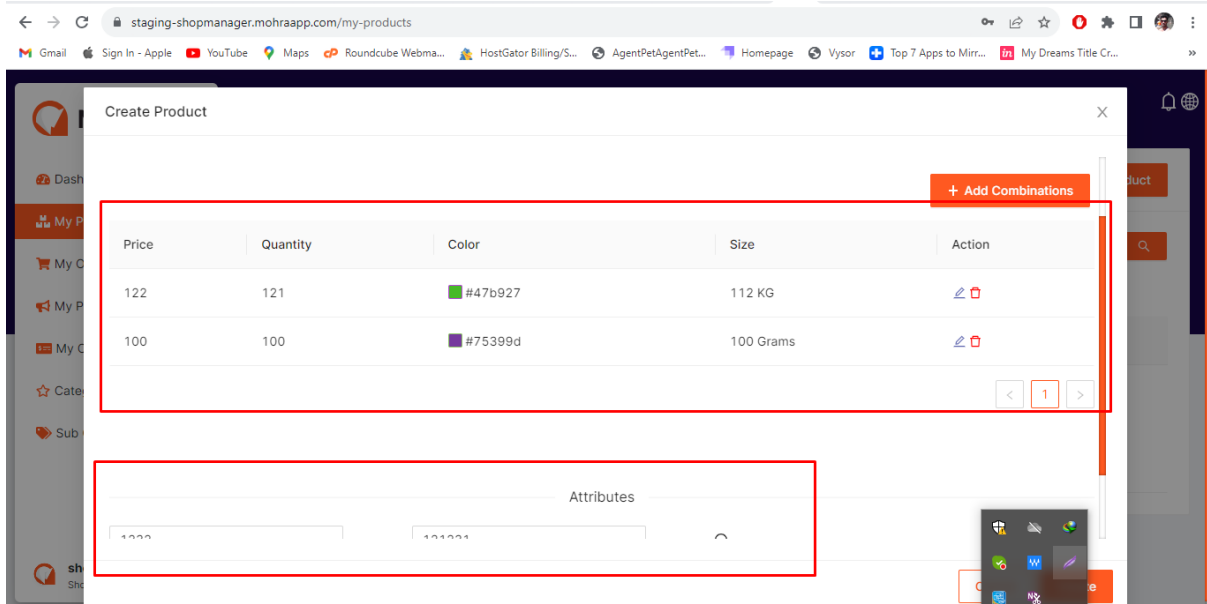

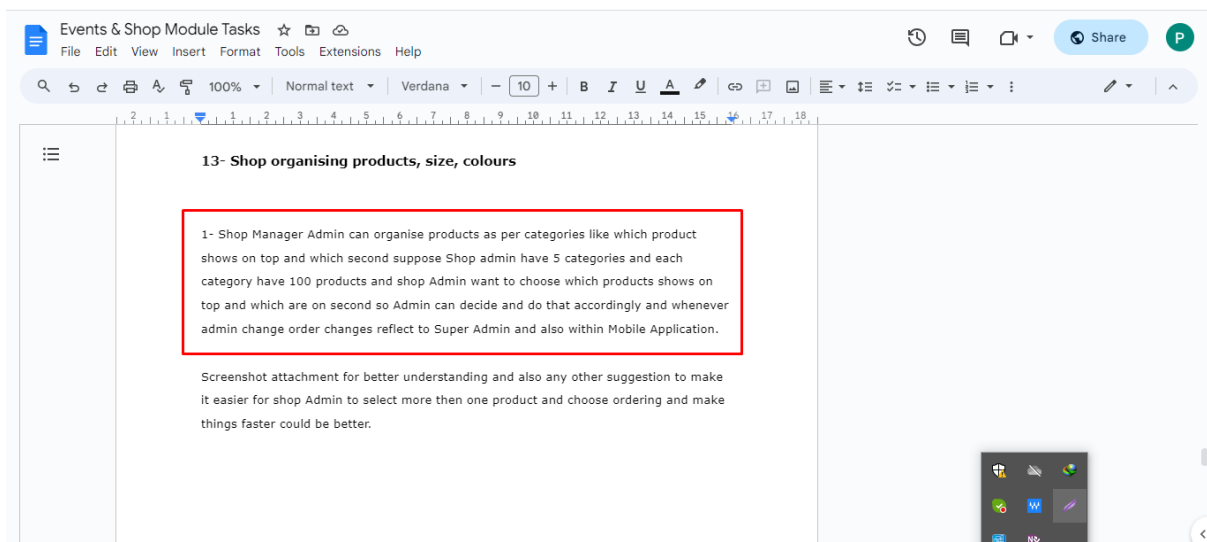

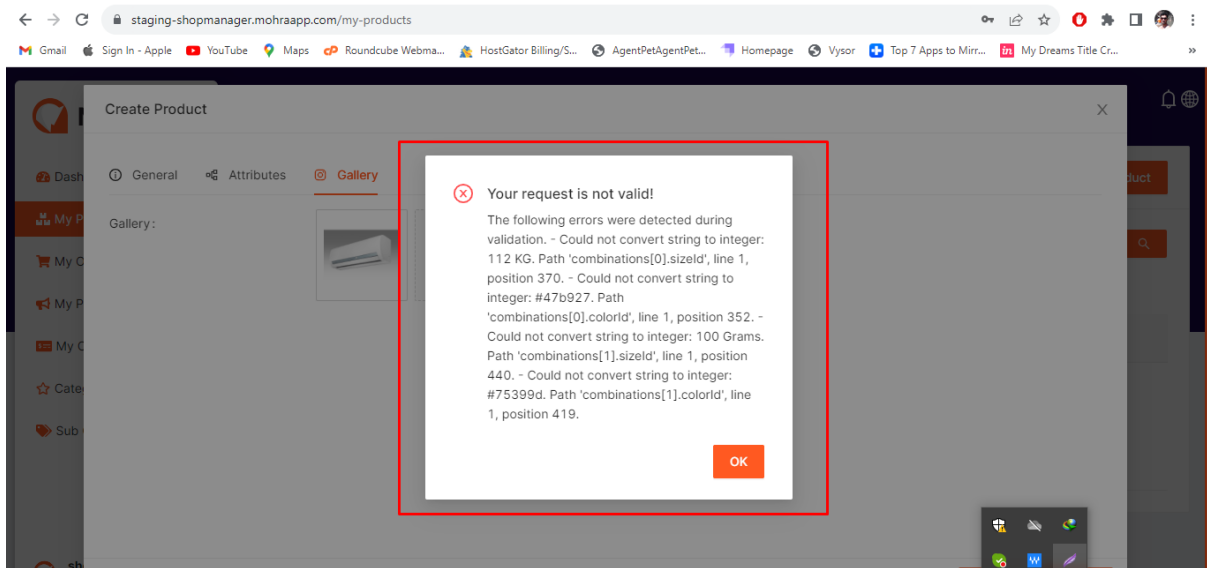

19- Where is this task done as in 18th point I mentioned and saw the Developer did not work on it but blindly confirmed he completed as if it's done then what I mention should be there!

20- [BUG] Unable to create a product as Combinations when added to an error within a screenshot it shows a Dialog!

20a) Unable to check Product Organising as not able to create Product due to this Bug Please fix so I can review again!!

Overall Good Performance but a lot of Bugs which are not good as a Senior Freelancer doing this and willing to get Paid as per him he complete all but when review 22 bugs found I am hopeful next time ask me to review again developer should verify by himself once!!!
